

ARH Professional Development Day & AGM

05 June 2010 from 10.30am - 05.00pm (registration 10.00am)

Powerful healing from the dawn of time with **Martine Mercy**

Venue: Ainsworths, 42 Welbeck Street, London W1G 8DU

Fossils are minerals with a difference, due to their geometrical markings and inscribed memories. They are the remains of dead plants and animals which have been locked away in rocks deep within the earth's crust, for millions of years. They are a key part of our natural heritage. Martine has made a detailed study of 21 different fossils, and this is an opportunity for you to explore the healing potential of these remarkable new remedies

Cost: £45 - This does not include lunch - AGM free to ARH members
